

# ACCESSNETS 2007

August 22-24, 2007, Ottawa, Ontario, Canada

## CALL FOR WORKSHOP PROPOSALS

### Second International Conference on Access Networks

August 22-24, 2007, Ottawa, Ontario, Canada

<http://www.accessnets.org/2007/>

**Overview:** The annual International Conference on Access Networks (AccessNets) is an exciting forum that brings together scientists and researchers from academia as well as managers and engineers from industry and government organizations to meet and exchange ideas and recent work on all aspects of access networks and how they integrate with their in-home counterparts. AccessNets'07 is the second edition of this exciting event, which will be held in Ottawa, the beautiful and historical capital city of Canada, in August 2007. The conference will consist of technical sessions, workshops, and panels. The technical sessions will present original and fundamental research advances while the workshops and panels will focus on development, application, and related business issues in this hot and exciting area. Topics of interests include all aspects of access networks.

**What to Submit:** We solicit workshop proposals on new and emerging topics in wired and wireless access networks, services, and applications. A proposal should focus on a specific theme of current interest and can attract high-quality submissions. Proposals for one-day workshops to be held in conjunction with the conference are solicited. A proposal can be a maximum of 2 pages long and should clearly identify the theme and specific topics of interest which define the scope of the workshop. The proposal should also include the workshop chairs and a list of program committee members.

**Proposal Submission:** Please send workshop proposals in PDF format by March 15, 2007 to the workshop co-chairs, Dr. Martin Maier and Dr. Yang Xiao.

**Important dates:**

Proposal submission due	April 1, 2007 (Extended)
Notification of acceptance	May 1, 2007
Workshop date	August 22, 2007
